**Authorization & Release Information**

In case of emergency, I hereby authorize the doctor or the hospital to which my child or children may be brought (and whomever they may designate as their assistants) to perform any emergency procedure or operation, to give treatment and the administration of an anesthetic to my child during his/her stay in camp. **I hereby give permission for my child to participate in all program activities and day trips as part of the Wet Paint! Art Studio day camp program.**

I give permission for my child's picture to be used by Wet Paint! Art Studio in future promotional material. (e.g. camp calendar, brochure, video, website, etc.) and for the Camp Program to distribute my home address and phone number to other camp families.

It is the firm hope that the authorization granted on this form will never need to be used. For the safety of the children, however, sound medical practice calls for such authorization. In emergency situations, where for some reason the parent/guardian of the child cannot be contacted immediately, this form may be extremely important. The authorization granted by this form will be used **only where absolutely necessary and only after every attempt has been made first to contact the parent/guardian.**

We find that doctors and hospitals refuse to give any treatment, regardless of how minor, unless they have authorization from the parents/guardians. As you know, time can be a factor in being of assistance to your child where medical attention is needed, and this would assure us that no time would be lost in giving immediate attention. This authorization will be kept on file at Wet Paint! Art Studio and will accompany the camp leader during field trips.

**By my signature, I hereby certify that all above information is approved and correct unless otherwise indicated.**
